Twenty-five years ago, Bella's opened its doors with the idea of serving the world's best pizza and subs. Our original Western New York recipes are still used today and all of our pizza dough, sauces, meatballs, legendary Italian sausage and sub rolls are still made in-house from the finest ingredients we can lay our hands on. Bella's also continues to employ the time-honored tradition of slow cooking in classic stone ovens. These recipes and methods have allowed us to maintain the level of quality and consistency that our customers have enjoyed for over a quarter century.

At Bella's we work hard to establish a clean, fun dining experience. We appreciate the opportunity to have served you over the years. As our guests, you have our commitment to continue to meet the high standards you have come to expect from us.
